

North Beach's Best Resort-style Condominiums

July 17, 2019

Known for luxury waterfront condominiums located beachfront and just steps away from shopping, dining and more, North Beach, Miami Beach is an idyllic island neighborhood. Its unique residential elegance has beautiful pockets of iconic Art Deco and MiMo architectural details. For those looking to live in paradise away from the South Beach (SoBe) tourists, North Beach is the best option. Residents live just a short drive or bike ride to everything they desire. With the backdrop of an exclusive, tropical environment, look no further than North Beach (NoBe).

After you decide that NoBe is where you want to be, it's time to find the perfect Miami Beach condominium community to call home. If your preferred condo is one that comes with amenities that result in resort-style living, there are three communities that you should consider: St Tropez Ocean, La Gorce Palace, and The Carillon Beach Condos.

ST TROPEZ OCEAN CONDOMINIUM

If you're looking for a distinctive living experience that is peaceful and dignified, then this could be the place for you. Despite being the only high rise on the block (hello, unobstructed views), it holds 90 units – creating a luxury condominium that is essentially made up of corner units. This means that no matter which unit you call home, you can expect to have an incredible space with a stunning view to match. Located at 7330 Ocean Terrace, this boutique waterfront community just steps away from gorgeous sandy beaches and several local restaurants and cafes, including one of our favorite venues, the North Beach Bandshell.

Prices at St Tropez start from \$585,000 and go up to \$1.1M. A few popular amenities for the community include:

Mid-level pool and lounge, giving exclusivity, privacy, and a great view of the beach

24-hour concierge

Generous floor plans and balconies

Lanai level apartments with extended patio

BBQ grill

Surfboard, surfboard & kayak storage

Located at the southernmost point of North Beach (NoBe), La Gorce Palace is just a stone's throw away from many local attractions in Bal Harbour, Mid Beach, and South Beach. With its eye-catching design and blue glass curved walls, residences offer amazing sunrise and sunset views over the water. Each penthouse residence features a spiral staircase leading to the perfect lounge area with its curved glass walls that create a stunning visual over Miami Beach – perfect for entertainment or meditation.
